

K-Love radio is an important part of my everyday life. I listen to K-Love on my way to and from work everyday, it helps me to stay positive and not to let the day to day stresses effect how i deal with other people. I believe it even helps me to not be enraged at the dumb things other drivers do! I know if it helps me in this area, it is probably helping others too. If it were replaced with an LPFM station I and others like me would lose this wonderful calming influence during our long commutes to work and home. I'd hate to think what the drive home would be like then. Please don't allow LPFM stations to knock K-Love radio off the air!
